Siddharth Priya

Senior Staff Product Designer (MG05)

Senior Staff Product Designer with 10+ years of experience (7+ in product design), leading UX and product design for Paytm Payment Gateway, serving both consumers who pay and merchants who get paid. Designs fintech checkout experiences across desktop web, mobile web and native apps, including JS Checkout, UPI and Apple Pay, plus Paytm Pi AI agents for merchants. Uses AI-assisted workflows from user research to design QA.

PROFESSIONAL EXPERIENCE

Paytm (One97 Communication Ltd.), Noida

Senior Staff Product Designer — Apr 2026 - Present

- Payment Gateway: Redesigned Checkout across desktop web, mobile web and native inside the Paytm app, increasing payment success rate by 3%. Also led Apple Pay, UPI and card BioAuth, DQR on mobile web, JS and Express Checkout and Dark Mode.
- Pi Agents: Designed Paytm's Pi agents for merchant use cases, including a collections agent that calls customers to confirm repayment dates, a dentist agent that offers and books appointment slots, and a travel agent that collects post-trip feedback. Showcased at Global Fintech Fest 2026.
- Pi Business Ads: Designed an AI ad agent that turns a 7-question chat into a share-ready ad for social media and WhatsApp. Featured at Global Fintech Fest 2026.

Staff Product Designer — Oct 2025 - Mar 2026

- Owned UX and product design for the Unified Merchant Panel (UMP), a B2B fintech platform serving merchants across India and international markets.
- Led end-to-end design of the AI Agent Marketplace, where merchants discover and purchase AI agents that automate payment recovery, reconciliation and operational workflows.
- Designed DIY merchant onboarding and onboarding infrastructure for India and UAE, covering the full journey from sign-up to go-live.
- Designed payment products including Payment Links, Payment Pages, International Payouts and Lightning Checkout, an express checkout using phone number and OTP verification.

Manager Product Designer — Apr 2023 - Sep 2025

- Led UX and product design for B2B and internal platforms across web and mobile, including task management, service agent, merchant onboarding and asset tracking.
- Established Paytm's web design system, defining components, tokens and guidelines to improve design consistency and speed up product delivery.
- Mentored a design intern and contributed to the ongoing enhancement of the web design system, strengthening design quality and adoption across teams.

Assistant Product Designer — Aug 2021 - Mar 2023

- Designed the end-to-end experience for the My Devices section in Paytm for Business, enabling merchants to manage card machines and soundboxes, and designed the merchant onboarding journey
- Designed internal business products including a Reconciliation Platform for the finance team and a Promotion Panel for creating and managing customer offers and promotional campaigns.

Associate UX Designer — Dec 2019 - Jul 2021

- Designed end-to-end user experiences for Merchant KYC, Business Loans, and in-app content platforms for Paytm for Business.
- Designed Billing, Payouts, and Merchant Onboarding workflows across web and mobile web, including KYC, document verification, product selection, and payment gateway setup.
- Designed digital banking experiences for Paytm Net Banking, including Passbook, Fund Transfer, and Approval Management workflows.

Philips, Pune

UX Design Intern — Jun 2019 - Dec 2019

- User experience design for Philips Mobile Surgery (C-arm), an Image-Guided Therapy System.
